- Agency meeting December 17th
- On-going effort on Phase 1 design and coordination
- Continued outreach to property owners
- Draft Geotechnical recommendations, Hydrology and Hydraulics Reports, and ROW mapping

Near Term Schedule Goals

- Advertise clearing contract for Phases 3-5 (First Quarter 2020)
- Phase 1 Plans-in-Hand (65%) Design: January 2020
- Next public meeting February 2020

PROJECT OVERVIEW

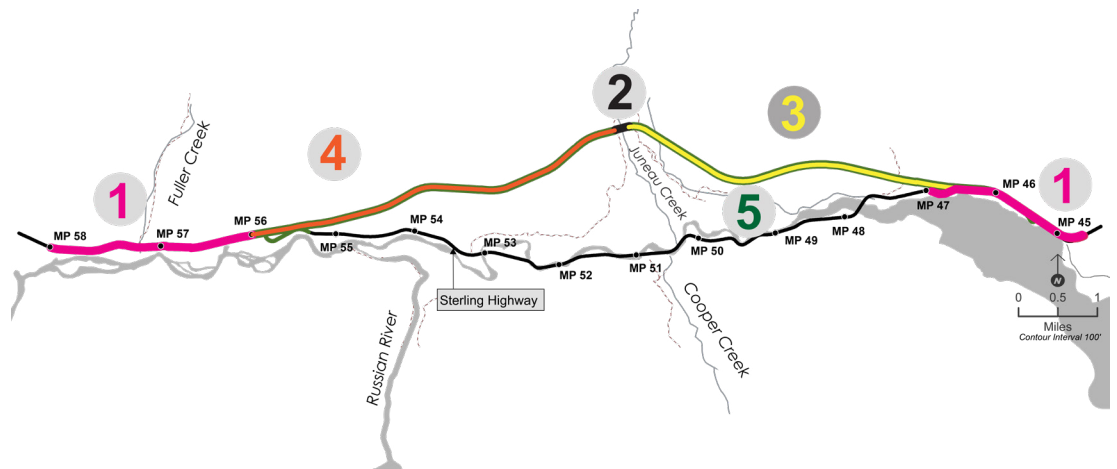

The Sterling Hwy MP 45-60 Project will reconstruct the east and west ends of the existing roadway from approximately MP 45-46.5 and MP 56-58 to widen shoulders, straighten the road, and add passing lanes. Between MP 46.5 and 55.5, the project will construct 10 miles of new roadway north of Cooper Landing and the Kenai River, including a new bridge spanning Juneau Creek Canyon.

This project will bring the highway up to current standards by efficiently and safely serving through-traffic, local community, and traffic bound for recreation destinations both now and in the future. Schedule goals are for construction to begin in 2020 and for the new highway to be open to traffic by the end of 2025.
