The Sterling Highway MP 45-60 Project would improve the highway near the community of Cooper Landing, Alaska. Four alternative alignments are evaluated along with a No Build Alternative. Each "build" alternative includes portions in which the existing alignment would be rebuilt and a portion that would be built on a new alignment. The Juneau Creek Alternative is identified as preferred. Project information is online at www.sterlinghighway.net.

Comments on this Final EIS and Final Section 4(f) Evaluation are **due by April 16, 2018**. Submit comments electronically to the DOT&PF Central Region Environmental Manager via the website at:
